

The online trade show and
conference for the global
woodworking industry.

SHOW DATES:
OCT. 26 - 30, 2020
8am-6pm EASTERN TIME

Register FREE at: [IWFCconnect.com](https://www.IWFCconnect.com)

What's Inside

WHAT will happen during IWF Connect?

WHY should you attend?

HOW do you navigate IWF Connect?

WHAT is the My IWF Connect Planner?

WHEN will IWF Connect events take place?

WHAT IWF Education Programs are available?

WHAT companies are exhibiting?

HOW do you register?

Welcome to

IWF Connect

IWF Connect will bring together the global woodworking industry for 5 streamlined days of buying, selling, and discovering exciting new products and industry trends.

IWF Connect gives you the resources to advance your business and forge profitable, long-lasting partnerships. Gather with the world's woodworking community to experience the new way to do business – all at your convenience without leaving your workspace. **And all FREE to attend.**

Brian Donahue
IWF 2020 Show Chairman
President of Safety Speed Mfg.

Chairman's Message

Welcome to IWF Connect, the online woodworking trade show giving you instant access to the global woodworking industry's newest products, innovations, introductions and thought leadership.

This is your invitation to take part in five straight days of exploring new products and technologies, interacting with manufacturers, discovering trends and sourcing new ways to grow your business—all in one dynamic event, and all at your convenience online.

Your IWF registration is free, with our compliments. And your opportunities to access all that's new in the woodworking industry from top manufacturers and distributors is virtually unlimited. I encourage you to gather with the world's woodworking community...find the products you want and need...and forge profitable, long-lasting partnerships with brands you know, or have yet to meet. It all happens right here—online, Monday, October 26—Friday, October 30.

IWF Connect. The woodworking trade show without walls giving you opportunities without limits.

Sincerely,

A handwritten signature in black ink that reads "Brian Donahue".

Brian Donahue
IWF 2020 Show Chairman

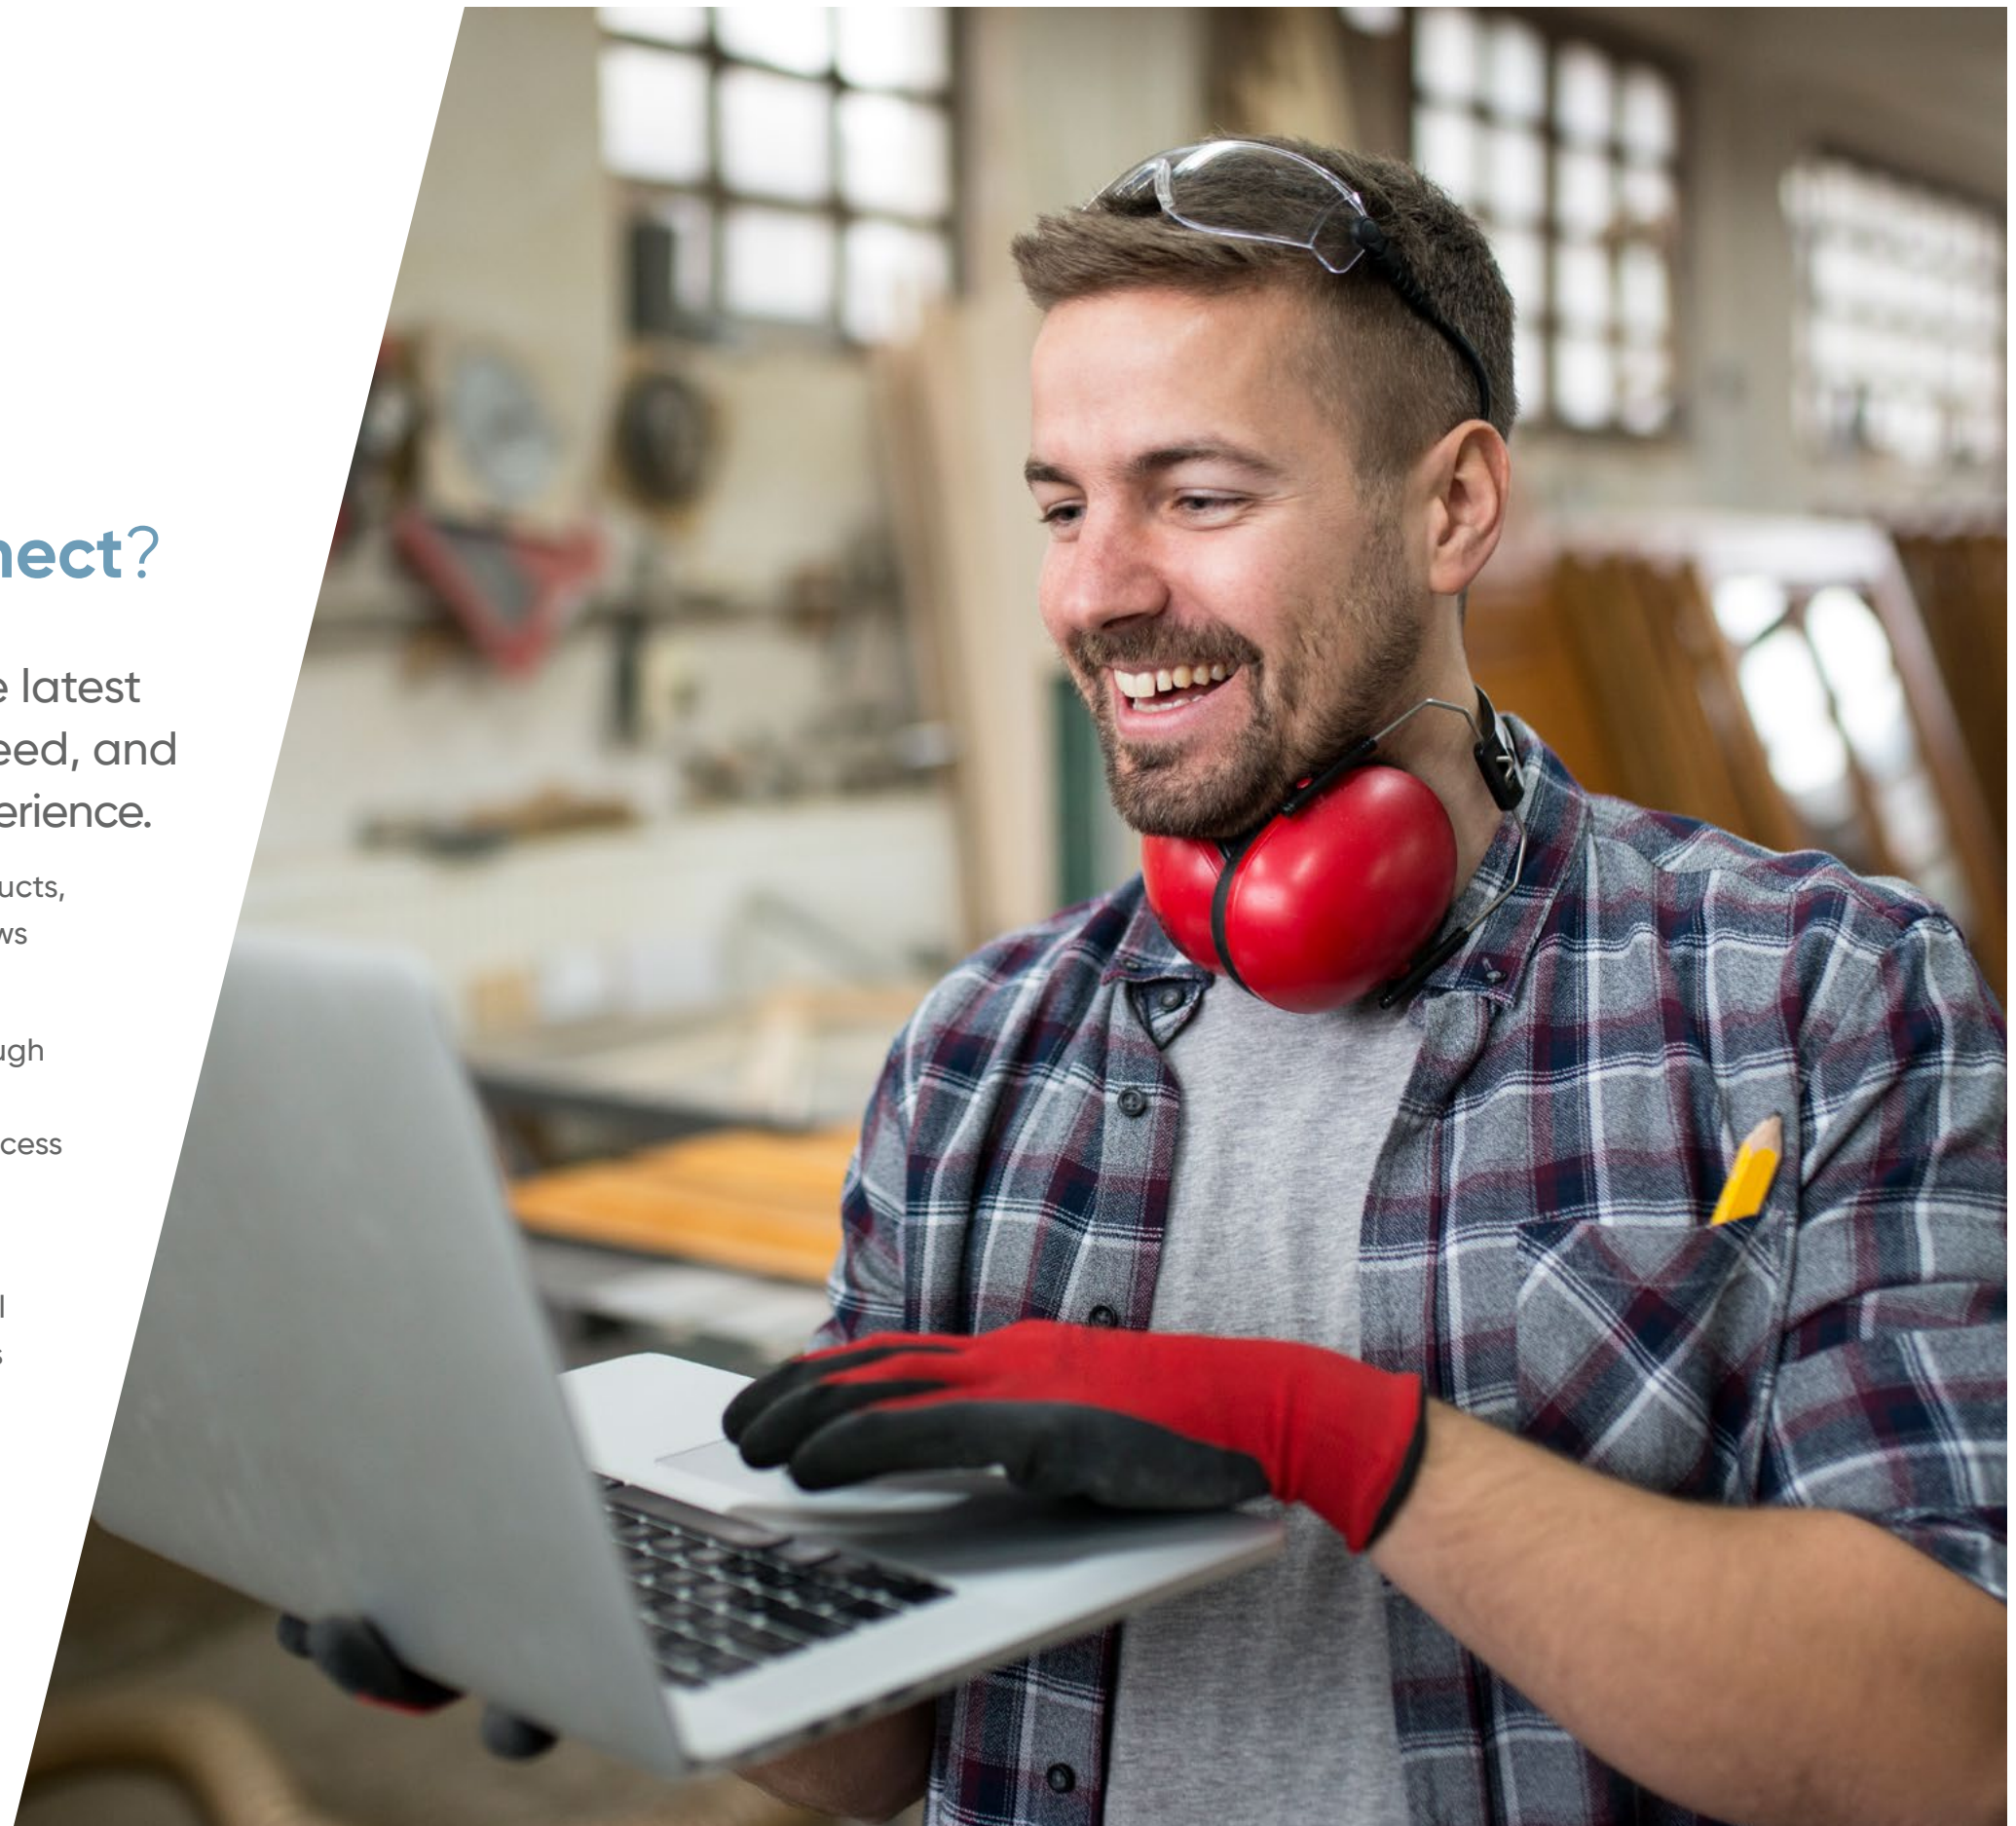

What Will Happen at **IWF Connect**?

IWF Connect gives you ultimate access to all the latest solutions, exclusive deals and information you need, and all at your fingertips, in one easy-to-navigate experience.

In hundreds of virtual booths, exhibiting companies will showcase products, introduce new products and share videos, brochures, white papers, news releases and links to additional information.

You can collect virtual business cards and network with exhibitors through live chat, meetings, phone calls, email and social media. You also can participate in exhibitor webinars and Q&A sessions. And, you'll have access to show specials.

You'll also be able to conveniently attend online educational events on demand to learn about the newest advances in the industry. And, you'll have opportunities to virtually attend key IWF Connect Primetime events by some of the top names in woodworking – all through an easy to use online interface.

Why Should You Attend?

The business of woodworking has never been more convenient than at IWF Connect. A trade show on your schedule, with no travel, and in complete safety. **Registration is FREE.**

You get fast, easy access to a complete range of products and services as well as event-only deals from top manufacturers – names you know and trust. And on-demand Education courses make the industry's newest intelligence easy and convenient.

IWF Connect. It's faster. Easier. More comprehensive. Assuring you virtually unlimited access to all that's new and next in woodworking – plus exclusive show-only product pricing and offers. It's the woodworking industry's newest trade event – full of the solutions you need to grow your business.

How to Navigate the Show?

Navigating IWF Connect starts by **registering now**. Which means you'll be ready for opening day Monday, October 26 with **instant access** to your My IWF Connect Planner – the personal roadmap you build to source hundreds of new products in exhibitor booths, benefit from exclusive deals, live chat with exhibitors, attend demos and presentations, access education courses and more.

It's as easy as this:

On opening day, go to the IWF Connect homepage, where you will be guided to log into and set up your My IWF Connect Planner. Then you can access exhibitors of interest, enter their virtual booths and interact with their company representatives.

My IWF Connect Planner Benefits:

- Browse the exhibitor list by product category or company name.
- Easily and intuitively click through booths to view product galleries and interact with companies.
- Visit with exhibitors through live chat, meetings, phone calls and social media.
- Look through new products from all the exhibitors in a designated gallery.
- Watch live product demonstrations.
- Save favorite exhibitors, events, products and collateral to your Planner by simply clicking on the plus sign icon throughout the website.
- Collect virtual business cards so you have a record of key contacts to chat with during the show or to follow up with at your convenience.
- Browse and take advantage of show specials that are posted by exhibitors.
- Receive personalized recommendations of exhibitors to visit based on your interests.

To view a video on how to use the My IWF Connect Planner, click below.

When will IWF Connect Primetime Presentations Take Place?

IWF Connect Primetime offers original programming featuring the newest insights and innovations from some of the largest and most celebrated brands in the woodworking and design universe. On each of the IWF Connect show days at 10 a.m. Eastern Time, a featured guest will take the IWF Connect global stage to deliver dynamic, thought-provoking ideas and insights on topics of universal interest and relevance. As a registered attendee, you can access this recorded content and interact with presenters and brand representatives in live-chat discussions at their booths.

The IWF Connect Primetime lineup includes:

Monday, Oct. 26, 2020 / 10am Eastern Time

Cordless Solutions – Presented by DEWALT

Tuesday, Oct. 27, 2020 / 10am Eastern Time

Rhythm of Color – Presented by Sherwin-Williams

Wednesday, Oct. 28, 2020 / 10am Eastern Time

Discover New Opportunities through Digital Printing –
Presented by Canon

Thursday, Oct. 29, 2020 / 10am Eastern Time

KBDN Design Trends Outlook: What's Now, New and Next –
Presented by Kitchen & Bath Design News

Friday, Oct. 30, 2020 / 10am Eastern Time

Details Coming Soon!

MONDAY, OCT. 26 / 10AM EASTERN TIME

DEWALT

Bill Harman

*Vice President of Product
Management at DEWALT
Power Tools*

Cordless Solutions – Solving Woodworker Problems through Technology Advancements

Join us as Bill Harman (Vice President of Product Management, DEWALT Power Tools) shares common woodworking problems and the new solutions that have come about through recent technology advancements in cordless tools and battery systems.

PRIMETIME PRESENTATION:

MONDAY, OCT. 26 / 10AM EASTERN TIME

PRIMETIME PRESENTATION:

TUESDAY, OCT. 27 / 10AM EASTERN TIME

Rhythm of Color

Join Lauren West, Sherwin-Williams Industrial Wood Global Color & Design Director, as she shares the inspiration and influences behind the Sherwin-Williams 2021 Colormix® Forecast: Rhythm of Color. This industrial wood forecast reflects on how the rhythm of nature can manifest into feelings of calmness, wellness, authenticity and happiness when entangled with influences like sustainability, storytelling, community and futuristic fiction. This presentation is designed to give you a glimpse into the design trends driving tomorrow's wood finishes, and how they are shaped by the world around us – all valuable insights you can take with you as you develop your wood products.

PRIMETIME PRESENTATION:

WEDNESDAY, OCT. 28 / 10AM EASTERN TIME

Discover New Opportunities Through Digital Printing

Canon Solutions America takes the IWF Connect Primetime Mainstage with a dynamic illustration of what's possible with large-format flatbed printing solutions. Canon's mission is to help customers across a range of industries to grow their business by increasing productivity, reducing costs and providing new applications with large-format printers, software, media, ink and more.

PRIMETIME PRESENTATION:

THURSDAY, OCT. 29 / 10AM EASTERN TIME

KBDN Design Trends Outlook: What's Now, New and Next

Moderated by Kitchen & Bath Design News, this main stage roundtable brings together key leaders in the cabinet and furniture manufacturing industries. The conversation will address trends across a wide spectrum of materials and applications – from surfaces and textures to new functions and design styles. Emerging storage and functionality enhancements will be key area of focus as 2020 presented many challenges and opportunities for the industry.

PRIMETIME PRESENTATION:

FRIDAY, OCT. 30 / 10AM EASTERN TIME

This IWF Connect Primetime Presentation is coming soon.

Product & Service Categories

At IWF Connect, exhibitors from across the woodworking industry will have their latest solutions on display for you! Find exactly what you need from the vast range of product and service categories being featured.

Manufacturing & Design

Shanley Ten Eyck

SESSION: CNT12

How the KonMari Method™ Impacts a Home Organization Business

Inspired by Marie Kondo's best-selling book, "The Life-Changing Magic of Tidying Up," and the hit Netflix series, this session will help builders learn how to customize closets, garages and other in-home spaces by assessing client's organizational needs and increasing storage options through the KonMari Method™.

SPEAKER: Shanley Ten Eyck, Professional Organizer, National Association of Productivity and Organizing Professionals (NAPO)

PRESENTED BY: National Association of Productivity and Organizing Professionals (NAPO)

Chris Corrales

SESSION: CNT14

Shorten the Learning Curve – CNC Shop & Software Essentials in Just 30 Minutes

In this course made for shop owners who want to automate but are intimidated by technology, CNC Factory's Chris Corrales breaks down the fundamentals of operating a CNC-run cabinet shop, including the pros and cons of popular CNC software, what you need to know to make yours easily work for you, and how even operators with zero experience can be competent CNC rock stars on their very first day of production.

SPEAKER: Chris Corrales, CEO, CNC Factory

SPONSORED & PRESENTED BY: CNC Factory

Manufacturing & Design

Brad Cairns

SESSION CNT9

Lean Strategies for ALL Shops...Big or Small

Learn what LEAN is and why it continues to impact the industry. Take home strategies and methods for small and medium shops. Also learn how to kick your culture into high gear and grow profits while firing up your crew to grow your profits while reducing your stress.

SPEAKER: Brad Cairns, Partner, QUANTUM LEAN/President, Best Damn Doors

PRESENTED BY: QUANTUM LEAN

Joseph Baggett

SESSION: CNT6

Why Manufacturing Execution Matters

The only plans that matter are those you actually do something about and take seriously. Learn what Manufacturing Execution is and discuss some personal experiences using these systems as well as how Manufacturing Execution Systems (MES) enables scalability, customization, process improvement, schedule attainment and completion.

SPEAKER: Joseph Baggett, President, Innovative Wood Process Solutions Inc.

PRESENTED BY: Innovative Wood Process Solutions Inc.

Travis Haynam

SESSION: CNT11

A Smarter Approach to Factory Air

Clean factory air is the foundation of a well-run operation and digital Industrial IoT (IIoT) solutions focused on improving or maintaining air quality impact critical areas of production. Factories rarely possess the in-house expertise to fully understand these systems or the available resources to properly maintain them let alone optimize their performance. IIoT presents the opportunity for industry expertise to be built directly into the solution and allow factories to take control of their air.

SPEAKER: Travis Haynam, Vice President of Segments within the Extraction and Filtration Technology division of Nederman Corporation

SPONSORED & PRESENTED BY: Nederman Division

Business Management

Marc Sanderson

SESSION: CNT10

**How to Run a Production Meeting**

What is the single most important moment in your workflow that drives your organizational success? Typically, our managerial attention is focused on the shop floor but the genesis of so many of our problems are prior to release. Thinking about workload management and approaching it from many sides, join us to dig into tactics such as a typical workload meeting agenda, CEO prep audits, aligning your team, communicating expectations, and changing employee behavior.

SPEAKER: Marc Sanderson, Owner of INNERGY**SPONSORED & PRESENTED BY:** INNERGY

Christine Correlli

SESSION: CNT1

**Are You a Boss? Or a Leader?**

How effective are you as a leader? What would your employees say about your leadership style? How can you lead in a way that gets the most out of your team? How do you get employees to feel engaged and connected to something larger than the group they work in each day – especially millennials?

SPEAKER: Christine Correlli, President, CHRISTINE CORELLI & ASSOCIATES, INC.**PRESENTED BY:** Christine Corelli & Associates, Inc.

Christopher Unangst

SESSION: CNT2

**Know Your OSHA Inspection Rights**

This session will help you learn what to say, what not to say, and how to prepare for your next OSHA inspection. Be prepared because it's not if OSHA shows up, it's when.

SPEAKER: Christopher Unangst, Consultant, Jensen Hughes**PRESENTED BY:** Cabinet Makers Association - CMA

Business Management

Christine Correlli

SESSION: CNT3

**Managing and Motivating Millennials - Are You Ready for Gen Z?!**

There are more than 80 million Millennials in the U.S. – the most influential generation in the marketplace and workplace. Managing and motivating them can be a major challenge for even the most experienced business owners and managers. What does the most recent research reveal about this age group and Gen Z? Learn how to relate to these employees and think like them.

SPEAKER: Christine Correlli, President, CHRISTINE CORELLI & ASSOCIATES, INC.**PRESENTED BY:** Christine Corelli & Associates, Inc.

Joe Knobbe

SESSION: CNT5

**When to Consider Outsourcing**

It's easy to lose sight of profitability when you're building a business and quite often pride gets in the way. Custom cabinet shops have the ability to outsource almost every aspect of their operation, freeing up capital investments and more importantly TIME. This session explains why it doesn't make good business sense to try to do everything yourself.

SPEAKER: Joe Knobbe, Account Executive, Siteline Interior Carpentry**PRESENTED BY:** Cabinet Makers Association - CMA

New Business Sectors

Carsten Brinkmeyer

SESSION: CNT7

Hymmen

Industrial Digital Printing – The Future of Decentralized Production of Decorative Surfaces

Digital printing is a new alternative for economically viable production of quality decorative surfaces for furniture, flooring, doors, gates, etc. It ensures flexibility and efficiency to meet market demands while reducing traditional industrial warehouse and transportation capacities. The presentation offers an overview of the advantages of digital printing for production of decorative surfaces.
